Project Box + Sticker Sheet Add-on

SKU:
240-108

Product Description

If you're like us, your desk is covered in lots of irreplaceable little treasures: Logic boards, wires, electrical components, motors, etc. Now there's finally a way to gather some of it up and take it with you!

This project box is the perfect size and will fit most Digilent logic boards. Plus, each box comes with a sticker sheet so you can decorate to your heart's content, providing your heart is contented by the addition of Digilent stickers to things!

Features:

- Handy project / storage box measuring 7" x 5.75" x 1.5"
- Perfect for protecting your stuff while it's in a backpack, book bag, or the saddlebags of an ill-tempered camel!
- Box is transparent so your friends, family, and fellow bus passengers can marvel at its contents!
- Box lid is hinged for easy re-opening, allowing you to remove from the box objects that you have previously placed inside!
- Proper, durable 2-piece hinges - not the cheap, nasty flexible ones that break over time!
- Includes a fun sticker sheet - perfect for decorating your project box, laptop, or virtually any object capable of having stickers adhered to it!
- Stickers are lovingly manufactured using adhesive that is totally fat-free! (possibly)
- Plastic! Adhesives! Yuletide mirth! Exclamation!
